CALIFORNIA LEGISLATURE—2005—06 REGULAR SESSION

## **ASSEMBLY BILL**

**No. 881**

**Introduced by Assembly Members Emmerson and Sharon  
Runner**

February 18, 2005

---

An act to amend, repeal, and add Section 7125 of the Business and Professions Code, and to add and repeal Section 11665 of the Insurance Code, relating to workers' compensation.

### LEGISLATIVE COUNSEL'S DIGEST

AB 881, as amended, Emmerson. Workers' compensation: roofers.

Existing law requires the Contractors State License Board to require that a license applicant or current licensee have on file at all times a current and valid Certificate of Workers' Compensation Insurance or Certification of Self-Insurance, unless the applicant or licensee meets specified conditions for exemption. Existing law provides that a failure to comply with this requirement shall result in the automatic suspension of the license, as specified.

This bill would require, until January 1, 2011, that, as of January 1, 2007, the registrar of contractors remove the C-39 roofing classification from a license if the contractor fails to comply with the above requirement.

Existing law generally regulates workers' compensation insurance.

This bill would, until January 1, 2011, prohibit an insurer from issuing a workers' compensation insurance policy to a roofing contractor holding a specified license unless the contractor has a minimum annual payroll of \$15,000 or meets other specified

conditions. It would require insurers to perform annual audits of these policyholders, as specified, and would allow them to recoup the cost of these audits through a policy surcharge.

The bill would require the Insurance Commissioner to direct the rating organization designated as his or her statistical agent to prepare an annual report on the roofing industry, as specified.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
